#### Funding Increase/(Cut) Overview:

Each budget summary detailed below outlines the overall net variance of the *entire portfolio*. Although extremely useful for detailing the overall health of a given department, it's not always obvious whether a portfolio has received a funding increase or decrease in *real terms*.

We define real terms as the net variance on the items that directly impact student life.

More specifically we sum the net variance on the ticket sales lines in income with the entire net variance on the events and projects line, the net variance on conferences and seminars that benefit students and not office bearers, and the net variance on Semper Floreat's printing.

That is to say if efficiencies have been found in a portfolio's stationary and electricity expenses, and half of that efficiency is put into additional events, in real terms students will actually see an increase in spending, despite the budget summary indicating the portfolio has seen a cut in total funding.

Portfolio	Savi	ngs to Students	Rea	l Events Funding Increase	Real	Increase / (Cut)

Net Surplus	\$	(14,061.72)	\$	59,647.11		\$45,585.39

The Campus Culture portfolio has seen a sizable cut, which has been transferred to clubs and societies. This has resulted in a consolidation of events that will actually see students getting 'more bang for their buck' and actually attending more Union events, despite the Union spending less.

The Environment budget has been nominally reduced by \$936.70, however when last year's acquisition of a solar powered battery is accounted for, the department has actually seen a real increase in funding for events and campaigns.

The Goorie Berrimpa budget has seen a real terms cut, however are running the same events on an even larger scale. The cut is realized through an increase in NAIDOC Ball ticket prices, due to ceasing several sponsorship campaigns, such as the chocolate fundraiser, where most individuals ended up purchasing the chocolates from themselves to raise money for the collective.

In the end the various departments have seen a real increase in funding by \$45,585.39, despite the Student Services arm of the union saving \$261,369 relative to last year. This is a truly remarkable achievement by the [FOCUS] executive, detailed in the rest of the budget.

#### Income Overview:

To give a better picture of the overall budget, this year [FOCUS] have decided to step Union Council through the proposed income. This will allow more effective discussions on strategic direction, and highlight limitations and growth avenues. It is worth noting this is a very strong budget, these incomes will require a greater focus and passion by VP's, Officers and other Union members to achieve the objectives, however in the end we're convinced this year's team is up to the challenge – and with the Redevelopment casting an ever looming shadow we're also certain this will motivate our OB's into action.

This section is missing a 2017 Budget column as this is a new section in the budget.

	2018 Budget	2017 Actual	Variance
Grants	\$ 2,613,626.00	\$ 2,434,774.25	\$ 178,851.75
Rent	\$ 488,642.00	\$ 488,642.16	\$ (0.16)
Revenue	\$ 110,000.00	\$ -	\$ 110,000.00
Net Surplus	\$ 3,212,268.00	\$ 2,923,416.41	\$ 288,851.59

The following details the significant income in the proposed budget.

Item	Budget Line	Income
Student Services & Amenities Fee	47190 - Grants	\$ 2,613,626.00
Structural Fund	47360 - Rent	\$ 488,642.00
Welcome & Induction Party	4737 - Revenue	\$ 110,000.00

[FOCUS] has successfully negotiated a \$217,587.00 increase in SSAF funding, which still sits well below our target. The Union's new agreement ensures us a minimum 20% SSAF allocation, which is substantially below other Go8 Universities. Given the Union's efficiency and reach we are of the position our minimum SSAF share should be 50%, edging much higher. One of [FOCUS]'s main objectives by the end of this term is to have a comprehensive program going forward that ensures a very substantial increase in our SSAF allocation.

Additionally the Union has negotiated a new \$110,000 grant from Student Affairs for our contributions to O-Week, and is in negotiations for a similar payment for Semester 2. This quite substantively improves the income stream for Student Services, freeing up pressure from the Business Trading profits to allow for strategic growth or surpluses to deal with volatile conditions, such as the Union Complex Redevelopment.

#### Advocacy:

The advocacy portfolio funds the staff and activities of the UQ Union's Student Help on Campus (SHOC) Service. The SHOC Service is staffed by professionally trained counsellors who specialise in providing assistance with welfare, migration, employment, education, legal, gender and sexuality issues to students free of charge.

The proposed 2018 Advocacy budget sees a large saving in external staff training, a small efficiency gain in professional fees and a large saving in Events & Projects. The unfavourable variance from last year was due to a failure of past Executives to secure funding commitments in writing before spending. This Executive has a strong respect for student's money and has sourced a \$47,348.39 saving by ensuring we do not spend until the University or other funding providers guarantee us the funding.

#### Gender & Sexuality:

The Gender and Sexuality portfolio funds the activities of the UQU Women's Department, the Women's Collective, the UQU Queer Department and Queer Collective. The Gender and Sexuality Vice-Presidents are delegated the general responsibility for this portfolio.

The proposed 2018 budget sees a \$16,243.86 cut in entirely unjustifiable "staff training" (read: junkets for VPs) that in the opinion of the [FOCUS] executive borders on a breach of trust, and an \$18,182.13 cut in unnecessary advertising. Given the Union pays a very capable marketing team, and VP's collectively work a 30-hour week, it was deemed unnecessary to pay so much for advertising. The surplus has mostly been put into additional campaigns (an increase from \$500 to \$24,800!), which comes at a crucial time given last years' report on sexual assault and this years Red Zone Report. Although it would appear from the net variance that this portfolio has received a \$7679.90 cut, it has actually received a \$16,543.91 increase in funding for events and campaigns but has found efficiencies in the portfolio to fund that increase and still on net save money.

The income has decreased from last year due to a \$12,000 funding arrangement from Universities Australia for their "Respect. Now. Always." Campaign ending. The Union is currently pursuing a new funding arrangement to fund, and increase the reach of our Speak Up, Stand Up, Act Now campaign.

#### Student Rights:

The Student Rights portfolio funds the activities of the Education and Welfare Departments of the Union. The Student Rights Vice-Presidents are delegated the general responsibility of this portfolio.

The proposed 2018 Student Rights budget sees a significant cut to the Advertising/Publicity budget. Past executives have spent student money building unopened cardboard box forts of ANUS collateral around the Student Rights desks. Given Paul now has a suitable fort of boxes, we resolved to cut that spending this year. There have been additional efficiencies found in maintenance and utilities costs to keep the Union Hub operational that has reduced those overheads, despite the Union Hub being open more often and for longer. A reasonable portion of this surplus has gone into expanding the Morning Marmalade program and increasing the Kampus Kitchen food supply, introducing equity grants for careers events targeted at impoverished students, and beginning new Professional Development campaigns.

#### Campus Culture:

The Campus Culture Portfolio funds the activities of the Campus Culture Department of the Union, which supports events and initiatives that contribute to the student experience at UQ. The Campus Culture Vice-Presidents are delegated the general responsibility of this portfolio.

The proposed 2018 Campus Culture budget sees a very substantial change, in line with our election platform of altering the objectives of the Campus Culture portfolio. Instead of running dozens of smaller events that are unpopular and compete with existing C&S events, the UQU will run fewer, but much larger events. It is the position of this executive that will lead to far higher quality events that actually have a lower cost burden. This has already been proven through the Great Court Party during O-Week.

It is worth clarifying that events such as "The Great Court Party" had additional funding shown in the overall income line due to providing a service during O-Week, and we are expecting a similar funding arrangement for the Snow Party that will be realized in the Review Budget. Further, they drive alcohol and food sales realized in the Business Trading arm. This means although they show as expenses on the Campus Culture for the first time in a decade these events are running profits that can be reinvested into student services like the collectives and SHOC.

# Campus Bus:

#### Clubs and Societies:

The Clubs and Societies budget funds the Clubs and Societies Departments of the Union. The general responsibility of Clubs and Societies is delegated to the Vice-Presidents of Campus Culture, the Clubs and Societies Committee and the Clubs and Societies Administration Officer. In accordance with the funding policy developed in 2014, the 2018 Clubs and Societies affiliation grants are allocated by the Clubs and Societies Administration Officer according to the number of members within each club.

The proposed 2018 C&S budget sees large funding increases. Grant funding has been near doubled (from \$124,622 to \$213,000), and in accordance with the flagship policy promised in the elections Academic Teams have been given \$35,000 of support, subject to allocation by the Academic Teams Funding Board. This over-delivers on a core election promise of doubling C&S Funding.

The Union is also taking steps to ensure clubs are audited to ensure compliance with not-for-profit status and are not engaging in financial misconduct or misappropriation. As a result the Union is sourcing independent external auditors for clubs with large revenues and providing a free rollout of Xero accounting software to reduce the burden on Treasurers to maintain effective accounting practices.

Each College can receive up to \$1500 in funding. There are 10 Residential Colleges, hence there are \$15,000 worth of grants allocated in total.

#### **Environment:**

The Environment budget funds the Environment Department of the UQ Union and supports the activities of the Environment Collective. The Environment Officers are delegated the general responsibility for this portfolio.

The Environment budget this year is in a comfortable position due to strong strategic leadership by earlier officers. The collective Solar Panels + Inverter purchase last year was an intelligent acquisition, however does not need to be replicated this year resulting in half the favourable variance in the Events & Projects line.

A summary of the proposed 2018 Environment budget is given below:

	2018 Budget	2017 Budget	2017 Actual	Variance

#### Student Executives:

The Executive budget funds the wages of the President, Union Secretary, Treasurer and associated support staff. Other costs incurred in the Executive line include electricity, depreciation and telephone charges. The Executive line also includes a small provision for external student promotions and projects.

The Executive Budget has seen an extreme reduction in Conference and Seminar Registration, Travel and Accommodation costs. This year the NUS President Summit flights and accommodation expenses were not funded by the Union, and the "Student Taxi Valley" line has been abolished.

A summary of the proposed 2018 Executive budget is given below:

#### Goorie Berrimpa:

The Goorie Berrimpa portfolio funds the activities of the Aboriginal and Torres Strait Islander Department and supports the Goorie Berrimpa Student Association. The Goorie Berrimpa Officers are delegated the general responsibility for this portfolio.

The expense for the Indigenous Games has moved from the Events & Projects section to "Other Operating Costs", resulting in the variance in those two areas. A summary of the proposed 2018 Goorie Berrimpa budget is given below:

	2018 Budget	2017 Budget	2017 Actual	Variance

#### International Students:

The International Students portfolio funds the activities of the International Department and the International Students Board. The International Students Officer is delegated the general responsibility for this portfolio.

The International Portfolio has seen an efficiency in the advertising costs, as it is not repurchasing merchandise whilst it still has stock from the previous year. Half of the saving has been reinvested into the International Board. For the avoidance of doubt, this specifically relates to the *International Student Portfolio*, and there are a range of events and campaigns that focus on International Students in other portfolios as well.

#### Postgraduate Students:

The postgraduate Students portfolio funds the activities of the Postgraduate Department, and the Association of Postgraduate Students. The Postgraduate Students Officer is delegated the general responsibility of this portfolio.

Last year the Postgraduate Portfolio was guilty of large swathes of unconstitutional spending. On review, a large portion of the events that were run without Council's approval deserved to receive funding again, however the extreme spending needed to be reined in. It's the position of this executive the events can be run with equal, or greater success, with a reduced budget this year via utilization of existing Union assets and Executive oversight. A summary of the proposed 2018 Postgraduate Students budget is given below:

	2018 Budget	2017 Budget	2017 Actual	Variance

#### Semper Floreat:

The Semper Floreat portfolio funds the production of the student newspaper. The Semper Floreat Editor-in-Chief is delegated the general responsibility for this portfolio.

This is the most visible turn around in the organization so far, and puts on public the gravity of the changes we've been viewing throughout this budget. We sourced a \$7462.50 saving by instead of outsourcing the job of designing Semper, that is ordinarily the responsibility of the Chief Semper Editor we pay 40 hours of wages each week, we purchased a \$300 Adobe Creative Cloud license and put Rowan in front of a few "How to use InDesign" youtube videos. The Union has found further cost-saving efficiencies by paying to print content instead of white space and stock images. Unfortunately, despite finding enormous efficiencies, we couldn't avoid a \$13,000 unfavourable variance in printing costs. As hard as we tried there was no way to match the raw efficiency of REFORM's policy of just not printing any Semper's...except in Semester 2 SWOTVAC.

Additionally there was a \$4,490 cost incurred to replacing Semper's camera that the Union is confident had never actually been used for Semper, which had mysteriously gone missing immediately before [FOCUS] took office. We managed to recoup the costs of that camera and then some by not purchasing hundreds of shirts no one wants to wear, and not purchasing a one hundred years supply of notepads and pens with the wrong web address on them. Semper has also claimed additional value out of these pens by redirecting the invalid web address to the correct one, showing every problem is simply an opportunity for future success.

The Other Operating Costs line has also seen growth because when you publish regular issues you also need to meet regularly, exploding the 'meetings' line out by \$2100.

Lastly there is an additional \$2000 expenditure for Events. This is because another unfortunate trade off to sourcing likeable personalities to write for a student magazine is that you have to host real University events that people want to be seen at, to get them to attend.

Semper has found additional efficiencies courtesy of UQ News, UQ Student Services and UQ Mates however they're not fit to publish in a public document.
